

COMMITTEE PUTS A LIMIT ON BONUS TO BE PAID SOLDIERS

HOUSE BRANCH LOOKING INTO SOLDIERS RELIEF TO PLACE MAXIMUM AMOUNT ALLOWED EX-YANKS AT \$625—GOES TO HOUSE MAY 20.

Washington, D. C., May 13.—A maximum of \$625 cash bonus for servicemen who went overseas and \$600 for those who did not leave the United States was inserted in the soldiers' bonus bill today by the Republican members of the house ways and means committee.

Previously the amount had been limited by fixing July 1, 1919, as the final date to which the bonus could be applied. The bill as tentatively approved by the ways and means committee some time ago fixed Jan. 1, 1920, as the final date.

Those who take one of the four alternative forms of adjusted compensation instead of the cash bonus will be able to obtain the equivalent of 40 per cent more than the maximum of \$625 and \$500.

The Republican members revised the sections of the bill which denied classes of service men who shall be entitled to receive the bonus. While a number of changes were made, the section limiting the bonus to the rank of captain and those of lower rank was not altered.

Such extensive revisions are being made in the bill that present prospects are that it cannot be acted upon by the fall committee before the early part of next week. It is intended to call it up for passage in the house on Thursday.

While resolutions have been received by the committee from various stock and grain exchanges protesting against the tax on transactions in stocks and bonds and grain futures, the protests will not be needed.

FIFTH FIELD ARTILLERY HAS 144 ANNIVERSARY

Bloomington, Ill., May 13.—A new girls' athletic association will be launched this week with the assistance of two state universities in the morning schools.

All around development of the high school girls in the purpose of the organization. Programs will be placed on the basis of hygiene and development of sportsmanship.

The board in charge of the organization is composed of Miss Lydia Clark, State Normal school; Miss Edith Hildreth, Harvey township high school; Miss Emma Breidenbach, Champaign high; Miss Emma Koenig, Monmouth, Ill.; and Miss Kate Laskow.

The regiment was organized in 1776 by Alexander Hamilton as the New York provincial company of artillery after which it took part in every war in which the United States was a participant. At the close of the Civil War it was for a time the only unit in the country's army as both the northern and southern armies were demobilized.

As an integral part of the First division it was the first American artillery unit to burn the big guns on the Germans in the world war.

Dangerous to Woo a Spider.
Mrs. Spider will always eat Mr. Spider. If she can catch him, quite soon after they are mated. The female spider, too, will frequently devour her rejected suitors. Her swains dance a very sort of zig before her, this being the method usually resorted to for ensuring the lady's affections. The female, if she thinks one of them would make a toothsome morsel, eats him before he can protest. If she decides to choose a mate she will dance with him.

LOWDEN ISSUES MAY 30 PROCLAMATION

Springfield, Ill., May 13.—Gov. Lowden issued the following May 30 proclamation:

"Again with hearts filled we approach our national Memorial Day. It has become the greatest occasion among our occasions for the expression of patriotic sentiment. The gleaming pages of glorious history are filled with the graves of every American who has given his life. The appearance of our flag of soldiers of three years of the popular side, the youth is inspiring loss of country and stimulus their inclination to deeds in honor and value. The tender recollections of the honored dead inspire reverent devotion to the high ideals from which, in the sunny south, in the lands of the sea or on Flanders field they gave their all."

"In many homes here are lonely hearts because of costly sacrifices made in the great war from which we have only recently emerged. In that war our people were united as never before in our history. Everything which tends to separate them into groups on account of race, religion, residence or rank, was forgotten in the common desire to serve best the interests of country. Now again we find ourselves disengaged by conflicting motives. The great wave of war heat patriotism seems to have broken upon the rocks of self-hood. But, on cause of opinions and interests many and will give way. The ebullient note of national spirit will soon be heard again above the present discordant sound."

"Memorial Day brings to the mind and heart of the people renewed recognition of a common heritage and a common obligation. Respect for dead exalts a nation's pride, self-sacrifice and virtue. Memorial Day of 1920 might well be notable in our annals if it were possible to recuperate that spirit of united loyalty and enthusiasm which characterized the world war."

"I urge that on the coming Memorial Day the citizens of Illinois, with gratitude for the past and with faith in the future, renew their devotion to American ideals as with frankness and fervor which characterized the world war."
